

The Middle and High School years at RAIS are filled with life skills and lasting memories.

The 2016-2017 school year is filled with a plethora of opportunities for students to build on their social and academic skills. We recognize that students at this level need more opportunities to show their skills and become more independent. The students lead many of their own school initiatives with the teacher as facilitators.

This year we have decided to add new programs and exciting programs for an enriched middle and high school experience. On the academic side, we have introduced Business 101 and Advanced Placement English (11th and 12th grade only). We have also added Toastmasters to the extra-curricular roster. The students and teachers are excited about the new classes.

Who's New?

Just like adding new programs, we have added new teachers. We have a nice host of new teachers from middle and high school.. We are happy to have them as part of our family and community and the parents have welcomed the new teachers with warmth, gratitude and sincerity.

New Faces for Middle and High School and for Upper Elementary

Literature and Writing	Math	Grade 6	Grade 4	Grade 5	Business and AP Literature	Literature
